

As the center for heritage in our area, we provide unique western-history-based experiences that will be remembered and talked about for a lifetime. We have plenty of exciting activities that are perfect for your youth group, church activity, family reunion, or group of friends.

You can spend one or several nights sleeping at the base of the peaceful and beautiful Wellsville Mountains at Camp Rendezvous. Each campsite is spacious and isolated from city lights and noise and has all the necessities for comfortable camping (e.g., water, restrooms, shade, shelter, tables, chairs, campfire area, tepee headquarters, and more.)

Most groups who visit Camp Rendezvous also enjoy our Daily Historic Adventures, the diamond in our hands-on heritage crown. At our Daily Historic Adventures, you can engage in interactive living history activities, such as panning for gold, quill writing, and tomahawk throwing. You can also ride our quarter scale train and let your little ones ride a pony. Our living history interpreters are friendly and knowledgeable and our venues offer fun, educational, and historical experiences.

It is designed to improve teamwork skills, break down barriers and stereotypes, improve the confidence of participants and provide a physical and/or mental challenge. It is named after Peter Maughan, who led the original group of settlers to Cache Valley and settled Maughan’s Fort.
