

Parking Traffic Attendant- Baby Animal Days

Job Summary

We are seeking a reliable and alert Parking Traffic Attendant to safely direct vehicles and manage parking flow during events. This position ensures efficient vehicle movement, maximizes parking space usage, and maintains a safe environment for drivers and pedestrians.

Key Responsibilities

- Direct vehicles into and out of parking areas using hand signals and/or traffic control devices
- Manage traffic flow to prevent congestion and ensure smooth entry and exit
- Guide drivers to available parking spaces
- Monitor pedestrian traffic and ensure safe crossings
- Set up and remove cones, signage, and barricades as needed
- Communicate clearly with drivers, event staff, and security personnel
- Report accidents, unsafe conditions, or incidents to supervisors immediately
- Maintain a professional and courteous demeanor at all times

Qualifications

- Ability to stand for extended periods and work outdoors in various weather conditions
- Strong communication and interpersonal skills
- Good situational awareness and attention to detail
- Ability to remain calm and assertive in high-traffic situations
- Must be dependable and punctual
- Prior traffic control or event staff experience preferred but not required

Physical Requirements

- Standing and walking for long durations
- Lifting/moving traffic cones and barricades (up to 30 lbs)
- Working in outdoor conditions (heat, cold, rain, etc.)
